Agenda 13 Consider approving the allotment of 257,530,420 ordinary shares for capital increase for at par value of 0.25 Baht per share

The President informed the Meeting that for this agenda, the Company presented the detail supporting consideration of this agenda in Meeting Invitation Letter already delivered to the shareholders.

In part of reason supporting the consideration in this agenda, Miss Sarisa, the Assistant Corporate Secretary, was invited to clarify the detail to the Meeting of Shareholders.

Miss Sarisa notified the Meeting of Shareholders that according to the proposal of the Company to the Meeting of Shareholders to consider approving the increase in authorized capital for 64,382,605 Baht from 194,967,111.50 Baht of the primary authorized capital to be 259,349,716.50 Baht by issuing 257,530,420 ordinary shares for capital increase at par value of 0.25 Baht per share, the Company deemed appropriate to propose the Meeting for consideration approving the allotment of 257,530,420 ordinary shares for capital increase at par value of 0.25 Baht per share as follows.

Part 1 : Allotment of 170,647,815 ordinary shares or 30% of paid-up authorized capital of the Company in offering for sale to the existing shareholders and allotment of 56,882,605 ordinary shares or 10% of paid-up authorized capital in private placement in General Mandate. The private placement price of ordinary share for capital increase to the private party must not be below 90% of market price and the said private party must be qualified according to criteria and must not be the party related to the Company under the Proclamation of Capital Market Supervisory Board No. Thor.Jor. 21/2551 on the Criteria of Connected Transaction Report Preparation and Proclamation of Exchange Commission on Information Disclosure and Operation of Listed Company in Connected Transaction B.E. 2546 (2003).

However, under no circumstances, total number of ordinary shares for capital increase offered for sale to the existing shareholders and offered for private placement in General Mandate must not be more than 170,647,815 shares or not more than 30% of paid-up capital as of the approval resolution date of the Board in capital increase under General Mandate. The Company shall issue and offer for sale of ordinary shares for single time in whole or in part by single or periodic offering for sale.

Moreover, the Board proposed the Meeting of Shareholders to consider authorizing the Board of Directors to have power in operations in relation to the allotment of ordinary shares for capital increase as follows.

- Consider determining the detail of allotment of ordinary shares for capital increase such as pricing in offering for sale, single or periodic offering for sale, offering for sale period, share cost payment, list of private party, and other condition and detail related to the said allotment of ordinary shares for capital increase.
- Enter to negotiate, make the agreement and sign in the relevant documents and contracts; and perform any acts related to the said allotment of ordinary shares for capital increase; and
- Affix the signature in the documents of Permission Application, Indulgence Application, and necessary and relevant evidences of the said allotment of ordinary shares for capital increase as well as contact and submission of the Permission Application or Indulgence Application for the said documents and evidences to the official agencies or relevant agencies, and registration of ordinary shares for capital increase of the Company in Stock Exchange of Thailand; and have power to perform any necessary and reasonable acts related to the said allotment of ordinary shares for capital increase.

The Company enclosed the detail supporting consideration of this agenda with Meeting Invitation Letter already delivered to the shareholders in Attachment 8 (Capital Increase Report Form (F53-4))

With reason deemed appropriate by the Company in allotment of ordinary shares for capital increase in offering for sales under General Mandate since the Company deemed that the Company will be able to enhance financial liquidity from the said allotment of ordinary shares for capital increase in order to be used as investment fund to support business expansion and enhancement of the Company's investment potential. This can respond to the Company's requirement for use of money in investment in each project once the said project is explicit. It is unnecessary for issuance and offering for sale of large number of ordinary shares for capital increase per time to support investment plan which is not explicit and may not occur, possibly causing injustice to shareholders and affecting the shareholders from the said capital increase whether in part of share price dilution or control dilution of shareholding proportion at the time that the shareholders will be beneficial from the increasing value of the Company and good return on investment in the future from growth and return on investment in the projects of the Company.

However, in the said offering for sale of ordinary shares for capital increase under General Mandate, it may affect the shareholders in term of Share Market Price Dilution Effect and may have Control Dilution Effect for Shareholder Voting Right in the event of not more than 10% for maximum allotment of ordinary shares for capital increase to private party.

Part 2 : Allotment of 30,000,000 ordinary shares for capital increase at par value of 0.25 Baht to support the right adjustment of ECF-W1 warrant that may occur from issuance and offering for sale of ordinary shares for capital increase under General Mandate.

Nevertheless, the Company has been unable to calculate the rate of right adjustment of ECF-W1 warrant at this moment since the calculation of price for right exercise and new rate of right exercise must be calculated from market price of ordinary shares of the Company which must be calculated from weighted average market price per ordinary share of the Company that are entirely traded in Stock Exchange during 15 consecutive working days prior to the first day of which the buyer of ordinary shares will not be granted for the subscription right of newly issued ordinary shares (the first day of which Stock Exchange marks XR). In this regard, the Company then estimated number of ordinary shares which will be issued to support the right adjustment of ECF-W1 warrant for 30,000,000 shares. When the rate of right exercise and price of right exercise can be calculated, the Company will notify the shareholders and ECF-W1 warrant holders for acknowledgement accordingly.

The Meeting was proposed to consider entrusting the Board of Directors and/or person entrusted by the Board of Directors to have power to affix the signature in the documents of Permission Application, Indulgence Application, and necessary and relevant evidences of the said allotment of ordinary shares for capital increase as well as contact and submission of the Permission Application or Indulgence Application for the said documents and evidences to the official agencies or relevant agencies, and registration of ordinary shares for capital increase of the Company in Stock Exchange of Thailand; and have power perform any other necessary and reasonable acts related to the said allotment of ordinary shares for capital increase.

The Board of Directors' opinion deemed appropriate to propose the Meeting of Shareholders to consider and approve the allotment of 257,530,420 ordinary shares at par value of 0.25 Baht as aforementioned.

Thus, the Meeting was proposed to consider and approve according to all presented details.

The President inquired whether any shareholder had any query or opinion related to this agenda.

- In this Agenda, none of shareholders required to inquire any query or express any opinion.
